

FACT SHEET INTEL TEACH ALLIANCE

An alliance between USAID's Decentralized Basic Education (DBE) program and Intel Corporation

Location:

DBE 3: 5 provinces, 5 districts
(junior secondary level)

DBE 2: 6 provinces, 6 districts
(primary level)

Partners:

USAID and Intel

Target Beneficiaries for Pilot Activities

75 DBE2 primary schools and 20 DBE3 junior secondary schools for the first stage pilot. Note: Each target schools will be equipped with a maximum of 10 computers and accompanying software including Microsoft Windows XP Starter Edition, Office 2007 or 2003 license, and Media Kit).

Approximately 1,000 DBE2 primary school teachers and 380 DBE3 junior secondary teachers are trained in basic computer skills utilizing the Intel "Getting Started" module. As a result, teachers will be able to integrate and use computers as part of their teaching and learning activities which encourage life skills development for young people.

Achievements to Date:

DBE 3

- Complete training of Master Trainers in all provinces (total: 32 District Trainers)
- Complete leadership training for principals (total: 20 principals)
- North Sumatra completed training of teachers using the Getting Started Module
- Other provinces to follow with training of teachers
- Ongoing DBE3 supports to equip schools with computers and software

DBE 2

- Completed all pilot activities by end of May 2008
- Engaged Universitas Terbuka (UT) in the pilot evaluation activity
- Provided Intel Teach – Getting Started Certificate to all South Sulawesi participants
- Planning for rollout of Intel Teach in approximately 20 additional cohort 1 districts involving approximately 4,200 teachers by December 2008.
